

MEDports Workshop
Low Carbon logistics solutions in MED
July 4th - 5th 2017
Agenda

5th July, Port of Marseille-Fos Head Office

23, Place de la Joliette - 13002 Marseille

After the success of the first *MEDports Forum* 2016, in accordance with the results of the consultations carried out during the *MEDports Forum*, and as announced by Mrs Cabau Woehrel the CEO of the port of Marseille-Fos in November 2016, *Intermed Gateways* is pleased to announce that the first *MEDports Workshop* will be held in Marseille next July 5th at the Marseilles Fos Port Head Office. This workshop will concern, with a panel of high level experts and representatives of the Med ports, the crucial issue of the decarbonization of the supply chain and will explore available low carbon logistics solutions deployed or which will be deployed within the Mediterranean searoutes and ports.
